

Dear Parents,

As co-presidents of this year's Family Association, we are asking you for your assistance in preparing for next year. Rather than wait to the end of the school year when parents, teachers, and students are focusing on year end activities and gearing up for the summer, we are hoping that you can help us out now by nominating a few parents or yourself. The parents you nominate can be new parents to the school who have not volunteered yet or parents who have been here for several years. Please fill out the form below with names of parents who you would like to nominate to serve as executive council members at large and/or officers for the Family Association. You do not have to contact the parents yourself; all we want is your input. Please submit your forms by March 15. As always, we thank you for your time!
